In *Elegance and Wildness*,

In Nomine Ensemble explores the musical intersections where Georg Philipp Telemann's works engage with the refined elegance of French Baroque style and the spirited, untamed energy of Gypsy music.

The program reflects Telemann's time in Paris and his exposure to the French Baroque tradition, influenced by his interactions with French composers while maintaining his distinctive voice.

Following the Nouveaux quatuors, selected pieces from the Uhrovská Collection (1730) will be heard, alongside his Trio Sonata in D minor, which reveals his fascination with Eastern European folk traditions.

The concerts are sponsored and supported by NYS Baroque and Pegasus Early Music.
